

The 20 day Golden Age Calendar of Universal Divine Time

# The Golden Age Calendar

...the Weaving of Time...

...please feel free to share...

Go to my articles for more info @ [www.oursacreduniverse.co.za](http://www.oursacreduniverse.co.za)

This calendar aligns daily to the Gregorian calendar, and is respectfully working with the 260 day Tzolkin of the modern day Maya peoples... It also shows the many cycles within cycles that overlay the consciousness of the ancient Mayan calendar system, shown in the wave cycles of 9 and 13 days overlaying the 20 aspects to Creation. These 20 aspects match up every 180 days for the 9 day wave (20x9 day and inturn this matches up to the 360 day Tun), and match up every 260 days for the 13 day wave (20x13 day weaving of time of the 260 day Tzolkin). It has been the 260 day Tzolkin and the 360 day Tun that has driven the 9 levels of the Mayan Calendar system to completion. These 9 levels started some 16.4 billion years ago and completed on the 28<sup>th</sup> October 2011, converging all at the same time... And allow for the descent of 9 Cosmic Forces or Deities... So as to bring about the completion of a Divine Plan... go to Dr. Carl Johan Calleman's profound work to discover more for yourself @ [www.calleman.com](http://www.calleman.com)

From here I feel it is important to work with your intuition regards to the Mayan calendar system that has a resonance to the ethers that emanate from the Source of all Creation. Aligning to the Mayan calendar allows for a strong intuitive connection with self.

Each of the 20 aspects allows for our consciousness to be in the now and the numbers show the cycles of time as a process. By following and meditating on any particular days aspect you might better feel the resonance intuitively of that day; and by following the number and how it relates to the aspect you might better see the bigger picture. Go to Mayan Majix to learn more about the meaning of each days glyph... [www.mayanmajix.com](http://www.mayanmajix.com)

There are various ways of looking into the consciousness of the Mayan calendar system and which ever way you choose is relevant for you, and which ever way you choose to be fed by what others share is relevant for you. Your choices define you and it is your choice to notice the wisdom of the parameters of who you are within.

**The Mayan calendar gives me the choice to see it the way my heart chooses, here in this below calendar I share my view point, which is sacred to me... [seanacaul@gmail.com](mailto:seanacaul@gmail.com)**

**The continuation of the resonance to the nights and days of the 9 levels of the Mayan calendar system... This is an article that Dr. Carl Johan Calleman wrote about how the Mayan calendar system continues... <http://www.calleman.com/content/articles/The9thWaveContinues.htm>**

## The continuation of the Mayan calendar system

...We live in an infinite Universe - the Mayan calendar goes on infinitely...

The 9 day wave cycle repeats every 180 days = 20x9, which aligns to the 360 day Tun and the 13 day wave cycle repeats every 260 days = 20x13, aligning to the 260 Day Tzolkin.
